Amen. Amen. Amen.
The psalmist says, this is my comfort.
This is my comfort and my affliction.
Thy word hath quickened me.
What kind of affliction?
That kind.
Hurt, loss, disappointment, realization that you don't know God.
That kind.
God, through his word, he said, you've making me alive.
You've quickened me.
Amen. Amen.
Brother William, you come and share God's word with us tonight.
Amen.
Amen.
Amen.
Amen.
Thank you.
Amen, we kept on going, kept on going, had another baby, he was a tad bigger than the first one, but I was scared to death, I had two, two to
feed, two mouths to feed, no education, hardly at all, just worked hard, and tried to go it, and tried to do the best I could, scared to death.
But then the Lord kept helping us, kept helping us along, and then he
called us to preach, and I really got scared, really got scared to death.
Live my, half of my life or more, scared to death, but I finally, finally realized
in my life that there was no need of having fear, just have faith in Jesus.
And learned that he walked with us through this land of sin and sorrow.
Well, I'm, I'm not afraid anymore.
When the time of our lives where fear really sets in and the old devil
really tries to talk to us about being afraid, not afraid anymore.
Amen, because he promised he'd go with us all the
way, all the way, even unto the end of the world.
And I'm here tonight thanking the Lord and praising God for being so good to us.
And I just want to praise him for loving me when I was unlovable.
And as the preacher said, comforted my heart through this world of sin and sorrow.
What a, what a blessing.
Sure good to be here in this revival meeting.
Um, and look forward to coming and seeing what the Lord had in store.
Looking for somebody to be saved.
Praying for people to get born again.
I tell you, the Lord has really been good.
He's still in the saving business and still wants
to save people today if they come to him aright.
Sure would love to see somebody get saved in this revival meeting.
I'm going to read maybe two verses out of the book of John, chapter number four.
A familiar text to you, but a thought's laid on their heart.
Chapter number four in the book of John.
And I want to read verse number 13 and 14.

When you find your place, stand with us and we'll honor the Bible.
John chapter number four.
And many of you Bible readers and study, and those that study the word of God,
you know this is the account of the woman at the well.
Precious, precious scripture, isn't it?
And, uh, but I want to read verse 13 and 14 and,
uh, maybe say a few words concerning a thought.
The Bible said, Jesus answered and said unto her,
Whosoever drinketh of this water shall thirst again.
But whosoever drinketh of the water that I will give him shall never thirst.
But the water that I shall give him shall be in him,
a well of water springing up into everlasting life.
Our Father, we bow in your divine presence.
Oh, Lord, again this evening, thanking you, Father, for every blessing.
We thank you, dear Lord, for the privilege that we
have to be able to come into your house one more time.
We thank you for your sweet spirit that we're able to feel in our heart.
Lord, we thank you, dear God, that you're in this place.
We ask you again to anoint us afresh with fresh oil.
Give us power to preach one more time.
We ask you, oh, Lord, that if there be one in the house that's not saved,
God, I pray that you'd deal with their heart and help them to realize,
how, Lord, that they'll die in their sins and
die and go to hell unless they seek after you.
We ask you now to go with us and help us tonight
with words and give us what we stand in need of
and what you do for us.
We'll be careful to give you the praise and the glory for it all.
In Jesus' name we pray.
Amen.
Amen.
We'll preach tonight on thirsty.
We'll talk about that thought for just a few minutes on just thirsty.
You know, I look back in the Old Testament days and every place Abraham went,
every place Jacob and Isaac and all the patriarchs of the Lord went,
first thing that they did after they built an altar, they dug a well.
Amen.
They knew in their heart that a well was necessary to bring them life,
and so they'd dig a well, and from time and from place to place,
from place to place, they stopped at those wells from time to time.
Sometimes they'd stop at wells, and the enemies would fill them up.
You remember that?
They'd fill them up, and then they'd fill them
up hoping that that would probably do them in,
and they'd just die.
Out in the desert places, in the wilderness places,
that if they could keep those wells stopped up,

then they could do away with Israel.
They could do away with Judah.
But the Bible said the men would dig those wells afresh.
Amen.
But the water in those wells would be able to bring
them life and sustain them to carry on their living.
It's necessary.
It was necessary for them.
It's necessary for us.
The Bible said here that the Jacob's well was here.
In verse number 12,
The woman said,
Art thou greater than our father Jacob,
which gave us the well and drank thereof himself,
and the Bible said,
and his children and his cattle.
And so that was a revered well in those days.
It was a well where they could come,
and they could claim to be children of Jacob.
They could claim to be a part of Jacob's people.
And the Bible said, Here come a woman from Samaria,
half Jew,
half Gentile,
was familiar with Jacob,
and was familiar with Jacob's well,
had heard stories in her life,
how the sustenance that they got from that well,
and the life that was able to give them drink,
Jacob and his children,
and also all the cattle,
and how they could come to that place and find hope.
They could come to that place and find strength
for their lives and water to drink,
but now she's come to a place here.
The Bible said, Jesus said,
If you drink of this water,
you'll thirst again.
And so she was recognizing something there
that Jesus was talking about
other than just natural water.
There's something there that began to stir her up tonight.
There's a natural man,
and there's a spiritual man.
There's a natural man,
and a natural life,
and there's a spiritual life.
Jesus was going to introduce unto her something that was brand new to her

that she's never tasted of before.
He was introducing unto her a well of water
that would spring up on the inside of her,
never more to have to bring
those earthly water pots to that place
and draw from that well anymore.
I want to tell you
if you're trying to find
something in this world to satisfy your life,
there's nothing out there
that'll satisfy the inward man.
Surely,
you can find something out there
that might satisfy the natural man
for just a little while,
but there'll always be a longing for something else,
something missing
in your heart tonight,
and you can't find it in the world.
Many folks are trying to find it in a bottle.
Some of them trying to find it in drugs.
Some of them trying to find it in pleasures.
But you can't find those things
in the natural world,
but in the spiritual realm,
you can find what this woman found.
You can find some living water.
The Bible said
you can drink of it
and never have to thirst again.
Hallelujah!
I'm glad,
thank God,
that each and every one of us tonight
can come and drink
from the water of life freely.
The Bible said
concerning that everlasting water,
He said in John chapter number 7,
If any man thirsts, let him come unto me and drink.
And the Bible said, He that believeth on me,
the scripture has said out of his belly
shall flow rivers
of living waters.
And Jesus said
He spake this
of His Spirit

which they that believe on Him should receive.
For the Holy Spirit was not yet given
because that Jesus was not yet glorified.
We're living in a day today
where Jesus is now glorified and we can come to the well of grace
and drink from that water
and be filled with the Holy Ghost.
Saved,
sanctified,
and filled with the Holy Ghost tonight
all in one drink.
Hallelujah!
It doesn't come
in portions nor does it come
in different days but you can come and get it all
at the same time
when you come to Jesus tonight.
The Bible said in the last invitation that Jesus gave to the churches,
He said, the Spirit and the bride say come
and let him that heareth say come and let him
that is a thirst come
and whosoever will
let him take
the water of life freely.
I want to say is there anybody in the house
thirsty tonight
or they thirsty seeking something
that will satisfy the inner soul of man that will
fill your heart tonight with life everlasting.
You're in the right place.
The well is here tonight.
All you've got to come is by faith
and trust in the Lord Jesus Christ
bringing your sin unto Him in repentance and having faith in the Lord Jesus Christ
you can drink of the same well
that this woman drank of as she left her water pots
and went to tell
that there's a man that's here at the well
that said come
and see a man that told me all things ever I did.
Is this not the Christ?
This is Him.
This is the one you've been longing for.
This is the one you've been looking for.
There's not another message.
There's not another way
of salvation.

There's not another way that you and I can come to God.
He said if any man come to me if any man come to God he's got to come
by me
and through me.
I want to say tonight
that He that sent me draw Him.
There has to be a drawing power of God here.
There's got to be something on the inside that will bring you
to this well
bring you to this water tonight and now you listen
real hard and fast tonight amen you're trying to fill a void
in your life
that you can't fill.
There's a spot in every man's heart
every woman and boy and man and child
there's a void there
that only Jesus can fill.
There's a desire
in our hearts
somewhere for Jesus and until you come to Him
you'll not have life.
The Bible said He that hath the Son hath life and he that hath not the Son
hath not life and so you can come to Jesus tonight
and have life everlasting.
I said there is no new message
and there's no new way.
He's still the answer to it.
You're a desperate need tonight.
You can come and drink of the water of life freely
and live.
She came to the well.
She come to the well
at an hour
that none of the other women would be there
in hopes to hide her shame
and to hide her sin.
She come down in the hour where she felt like that she could slip in
fill her water pots up and go back home and she wouldn't have any more problems.
I'm going to tell you tonight's sin brings along with it shame.
The shame and the guilt of sin
come along with her sin tonight.
And the Bible said when she come there was a man sitting on that well.
You remember Jesus sent his disciples in town to get food but he sat right there on
the well because he said I must need to go through Samaria.
There was a divine appointment there for that woman.
This is an individual thing.
Amen.

There's a time and a place for you
and tonight may be the time and here's the place for you to come tonight and get
what you stand in need of that you desperately long for.
Somebody told me one time that our bodies are made up of over 90% of water.
When our water begins to deplete we begin to
get thirsty and we find a place to drink water.
We have to have water.
you can live longer without food than you can without water.
The
average days of you living without water is around seven to ten days.
I'm going to tell you that's not very long is it
to live without water when you think about it.
But I'm going to tell you tonight if you don't
come to Jesus and that well of grace tonight
how you're going to die in your sin an opportunity to be gone forever.
You'll die an eternal death never never never again to live dying but always dying
come to the well tonight come and drink of the living water and you can live forever.
Too good to be true isn't it?
Sounds like it is.
The woman at the well she comes to Jesus and she meets him and she says how is it
that thou being a Jew askest drink of me which am a woman of Samaria for the Jews
have no dealings with the Samaritans she knew she didn't she knew that he was a Jew
and when she come to him and felt like that he didn't have any dealings with her and
rightfully so but Jesus in his grace and his mercy said if you knew the gift of God
he said you would have said to me give me to drink of this water and you would ask me
of give you some water give you living water I'm going to
tell you Jesus has got the answer for your soul tonight
what you've been longing for you say well preacher I thought I thought that it was
harder than that it's not hard to be saved the Bible said she come to Jesus and she
says unto him sir give me this water that I thirst not neither come hither to draw
she was ashamed she was wore out burnt out with a heavy load have you ever thought
about her toting those water pots down to Jacob's well all the time how can you
imagine what it must have been how to carry that load to that well all the time day
after day night after night to carry that heavy load can you imagine what it was like
not only to carry those water pots but to carry that guilt of her sin and that shame
that she carried I'm going to tell you sin
cause you to carry a heavy load a burden on your back broken tonight that's the way
sin do and Jesus said go get your husband and bring him hither and she said I have no
husband Jesus said rightfully so you have no husband thou hast five husbands and whom
thou now is not thy husband and thou sayest truly there's one requirement for you
to drink of this water you're going to have to tell the truth
you're going to have to tell the truth you're going
to have to tell the truth about yourself God knows
that he don't know about but he's waiting for you to tell him the truth so you be
honest with him he's been honest with you you be honest with him and sure enough when
he began to reveal unto her her sin and the Bible silent but I can see a broken woman
can't you I can see the tears in that woman's eyes when Jesus began to reveal unto

her that she is a sinner and in the shame and the guilt of all her sin there she
began to break and got broken I want to tell you tonight my friend what it takes to
set you free is when you be truthful with God and bring your sin to him and ask his
forgiveness you can have this living water
you go home tonight and testify come see a man that told me all things ever I did
ain't this Jesus tonight the Bible said
that she believed left her water pots there she went back and told the town
told the town of Jesus many believed on the saying of the woman
changed her life somebody said what about that old man she was living with she went
home and kicked him out you want to know what happened to her you can't
imagine what she must have felt she been trying to
find something to satisfy her in five different men
and she couldn't find it but she found it in Jesus
she found what she needed desperately in her soul
it was Jesus tonight what you've been looking for
have you been trying to
find something to satisfy you
in this world
money ain't gonna help you
land ain't gonna help you
possessions are gonna help you
only only thing that will satisfy the inward man is Jesus tonight and if you'll trust
in him and you come to him tonight you can
leave here with a well of water imagine that
imagine she left her water pots there and carried the well home with her
when I think about that I rejoice don't you
never thirst again never had to come back to never
had to come back to that altar to be saved again
amen one drink satisfy you get you all the way from here to yonder
the Bible said God would do a new thing he said he cause a river to spring up in the
desert places tonight you may be here
you living in a desert place the Bible said in Isaiah chapter number 12
he said therefore with joy with joy shall
you draw water out of the wells of salvation
some of you here tonight have no joy
been robbed the devil has robbed you you have no joy you get a hold of Jesus I
thought about this young man got saved over to church here
Thursday afternoon and boy I tell you that young man is
rock bottom as a young man I've never man I've never seen nobody living
over on some land absolutely rock bottom he texted me on the phone as I was coming in
from revival meeting I want to know if this is brother William from my back he
started back back church and I didn't ride with me at night time and she texted me
and said yes make a long story short he said my life is the best he said I'm in
trouble he said my life is the best I need needs he said I'm so tired
of all the wrong I'm so tired of my life he said I need needs I need needs and I said
somewhere yet he said I'm at the hospital in my goods in my body I said can I come
see he said how about see me tomorrow I said I'm

in meeting I can walk in two he takes me at 125
and I made it to the church and I got out of the truck and he was just crying
and screaming and how his life was and how he peace in
his life I said come on son I said let's go to the altar
on his way up there he said my daddy got saved right there I said well get in here
where your daddy got saved and you be the same God he got
born again I said what about he said I feel peace
I said this young lover doll he said
I got peace from God in his life and that thing has been changed ever since
hallelujah I want to tell you Jesus to make a difference in your life if you'll
just give him give him yourself tonight in truth
there's a little girl when I say the son woman service
I had that six life
and we think that's going in front of every every
seven mornings and children don't hear that call
and she comes to her little corn bucket
and nothing in there what always give them
and sell each all and I knelt down together and she said God talks to me such and I
said what she said God talks to me such as as I said well that's funny
and so that did see
and I hold it high I know
the message to me and knew what the message was all around it was about
tenderly calling
and I talked
and I said well we had priests who did come to say
I will finish the night
he said he said you come and I left a little child with no wife
tonight brother come with opportunity with invitation and salvation
thirsty thirsty
thirsty thirsty
